

DEV BHOOMI INSTITUTE OF TECHNOLOGY

DEHRADUN, UTTARAKHAND

Event organized Report (Academic Year: 2017-18)

Event Title:	Expert Lecture on Trends on Power Electronics on Renewable Energy Systems	
Event category (Workshop/Guest Lecture/Seminar/Education Visit)	Expert Lecture	
Objective of the Event	This event focuses on the power electronics used in renewable energy systems and especially in wind and photovoltaic (PV) applications. During the last years there was a broad development in the field of power electronics which led to more efficient systems and reduction of the cost per installed kW.	
Outcome of the Event	Students learned the basic concept of power electronics devices use in field of renewable source of energy.	
Resource Person/ Expert and Organization	NAME	Mr. Ravinder Dogga
	Organization	IIT Roorkee
Number of Participants	35	
Date & Venue of Events:	30 March/Seminar Hall	
Event Coordinator	Mr. Rohit Kumar
