

DEV BHOOMI INSTITUTE OF TECHNOLOGY

DevBhoomi Campus, Chakrata Road Navgaon, Manduwala, Dehradun, Uttarakhand, INDIA
Apporved By AICTE, Affiliated to Uttarakhand Technical University, Dehradun

Event Report (2014-15)

Name of Department	Masters of Computer Applications
Category of event organized	Guest Lecture
Title of the event	Guest Lecture on Automation Testing
Date of event organized	09-09-2014
Name of event coordinator	
Class of participant	MCA 2nd Year and MCA 3rd Year
No.of Participant	70
Name of Expert	Multisoft System
E-mail Id of Expert	
Designation and Adress of the expert	Multisoft System, Dehradun
Objective of the event	<ul style="list-style-type: none">• Graphical user interface testing.• API driven testing.
About of the Event	<p>DBIT is a Foundation who works for there students welfare, so we keep doing events on different topics. This time the topic is “Automation Testing”</p> <p>In software testing, test automation is the use of software separate from the software being tested to control the execution of tests and the comparison of actual outcomes with predicted outcomes.</p> <p>Test automation can automate some repetitive but necessary tasks in a formalized testing process already in place, or perform additional testing that would be difficult to do manually.</p> <p>This system integrates the function libraries, test data sources, object details and various reusable modules. These components act as small building blocks which need to be assembled to represent a business process. The framework provides the basis of test automation and simplifies the automation effort.</p>
Outcome of the event	<p>Learn the concept of</p> <ul style="list-style-type: none">• Linear• Structured• Data-driven• Keyword-driven• Hybrid• Agile automation framework testing
