Event organized Report (Academic Year: 2014-15)

Event Title	Guest Lecture by Industry Experts, Skill Development for Technical Students	
Event category	Guest Lecture for B. Tech & MBA.	
About Event	<p>Interaction by Expert. The expert believes to conduct online sessions to disseminate information amongst students of Dev Bhoomi Institute of Technology.</p> <p>IBM produces and sells computer hardware, middleware and software, and provides hosting and consulting services in areas ranging from mainframe computers to nanotechnology. It is also a major research organization, as of 2020 holding the record for most U.S. patents generated by a business for 27 consecutive years.^[6] Inventions by IBM include the floppy disk, the hard disk drive, the magnetic stripe card, the relational database, the SQL programming language, the UPC barcode, and dynamic random-access memory (DRAM). The IBM mainframe, exemplified by the System/360, was the dominant computing platform during the 1960s and 1970s.</p> <p>Through the programme, an attempt is being made by the organization to encourage the students to understand the career path along with technical as well as management concepts related to banking and financial service industry which the students can apply in the near future. Interactive session is being held with students, taking up their queries, doubts about the schemes, and programs as well as providing solutions to their enquiries.</p> <p>Along with the interactive sessions, the students can also be presented audio-video films and presentations on the activities, as well as provided details of the subject they are being taught through an online medium.</p>	
Aim of the Event	<ol style="list-style-type: none"> 1. Interface with the present market condition and career challenges. 2. Discussion about Skill Development for Technical Students 3.
