

DEV BHOOMI INSTITUTE OF TECHNOLOGY DEHRADUN, UTTARAKHAND

Event Report (Academic Year: 2016-17)

Event Title:	Workshop on AVR Microcontroller	
Event category (Workshop/Guest Lecture/Seminar/Education Visit)	Workshop	
Objective of the Event	Workshop based on AVR microcontroller executes most of the instructions in single execution cycle. AVRs are about 4 times faster than PICs; they consume less power and can be operated in different power saving modes.	
Outcome of the Event	Students learned to operate and design popular microcontrollers ATMEGA8, ATMEGA16, ATMEGA32.	
Resource Person/ Expert and Organization	NAME	Mr. Suraj Singh
	Organization	CETPA
Number of Participants	40 (ECE,EEE)	
Date & Venue of Events:	21-Feb-17. venue is CSE lab-I, DBIT main building	
Event Coordinator	Mr.
